WELCOME

Dear friends,

After seeing a dream fulfilled with the past World Championship in Tenerife, it's a great pleasure for the Canary Islands Water Ski Federation to invite you to the third edition of the International Open of Tenerife.

This competition will take place in Playa San Juan, a little fishing village twenty minutes from Adeje in the south of the island of Tenerife (Canary Islands, Spain).

The chosen date is October 31 and November 1 because this week (October 27 to November 2) is school holidays for most European countries. Thus, we expect that the competitors can enjoy their favorite sport and our island with their families.

Furthermore in this third edition will have surprises... on Saturday the International Open will be held, but on Friday... we enjoy a twin race, thus find your team-mate!!

In this bulletin you'll find the information for competing. If you need more information, please don't hesitate to contact with Jonás García: jonasazules250@hotmail.com

We look forward to greeting you in Tenerife for a great and exciting competition.

Tony González
Chairman of the Canary Islands Water Ski Federation
